OBJECTIVE

Final-year Computer Science student with a 9.5 CGPA with strong fundamentals in Data Structures, Backend Development, and Cloud basics, seeking a Software Engineer position at GC Cloud Info Pvt. Ltd. to contribute to real-world client projects while continuously enhancing technical expertise in software development and cloud technologies. Experienced in building scalable APIs, and full-stack applications.

EDUCATION

Bachelor of Technology in Computer Science & Engineering

Integral University, Lucknow

2022 – 2026

CGPA: 9.5/10 (up to 7th semester)

Relevant Coursework: Data Structures, DBMS & SQL, Operating Systems, Web Technologies, Machine Learning

SKILLS

Languages: JavaScript, Python, Java

Frameworks: Node.js, Express.js, React.js (basic), Bootstrap, CSS3, HTML5

Databases: MongoDB, PostgreSQL, MySQL

Tools: Git, GitHub, VS Code, Postman, Docker (basic), AWS (basic)

Concepts: OOP, REST APIs, Data Structures & Algorithms, SQL

PROFESSIONAL EXPERIENCE AND PROJECTS

Heart Disease Prediction App

Python, scikit-learn, Streamlit

- Engineered a web app to predict heart disease using one-hot encoded clinical data.
- Implemented end-to-end pipeline: model training, data preprocessing, and live prediction interface.
- Streamlined model serialization using joblib and deployed locally with Streamlit.
- Achieved 86% accuracy; practiced model evaluation and deployment practices.

Book Review Platform

Node.js, Express.js, EJS, MongoDB

- Built a full-stack CRUD web application to post, view, and manage book reviews.
- Enforced user login (JWT), RESTful routes, and responsive design.
- Emulated real-world SaaS development through IBM back-end certification.

TournamentHost - eSports Tournament Management Platform

Next.js, Tailwind CSS, PostgreSQL, Node.js

- Designed a scalable Prisma/PostgreSQL schema for managing users, tournaments, teams, and tokens.
 - Applied secure NextAUTH authentication with role-based access for admins and participants.
 - Developed robust API endpoints for tournament creation, token management, and data handling.
-

CERTIFICATIONS

- **IBM**: Developing Back-End Apps with Node.js and Express [View](#)
 - **DeepLearning.AI** : Supervised Machine Learning: Regression and Classification [View](#)
 - **HackerRank** : Certified Frontend Developer (React) [View](#)
 - Full Stack Development with PHP and MySQL | **Issued By: Integral University** [View](#)
 - **Coursera** : Programming in HTML5 with JavaScript and CSS3 [View](#)
 - **Apna College**: Java + DSA Skill certified [View](#)
-

ACHIEVEMENTS

- Ranked 2nd in the Finals of Coding challenge hosted by department.
